

Summary of Submissions TIEMS 2010

Date: 15th January 2010

144 papers and Posters from 28 Countries

(The submissions have not yet been reviewed and approved)

NO	Title	Author(s)
	Type of Submission	Country
1.	Influenza A H1N1 vaccination of China's subsidies policy Abstract poster	<u>Jin Kui, Chang</u> ; Hui, Liu <u>China</u>
2.	The Workout! Getting Your BCM Program in Shape Through Exercise Abstract best practice paper	<u>Fullick, A. Alex</u> <u>Canada</u>
3.	Keeping Current: How to Effectively Management Change in a Business Continuity Management Program Abstract best practice paper	<u>Fullick, A. Alex</u> <u>Canada</u>
4.	Heads In the Sand: What Stops Corporations From Seeing Business Continuity as a Social Responsibility Abstract best practice paper	<u>Fullick, A. Alex</u> <u>Canada</u>
5.	SECURITY CHALLENGES IN THE CIVIL AVIATION SYSTEM: VIGILANCE AND MINDFULNESS AS SECURITY BARRIERS Abstract research paper	<u>Olsvik, Elise Anonby</u> <u>Norway</u>
6.	A DISCUSSION OF LEARNING IN EMERGENCY RESPONSE ORGANISATIONS Abstract research paper	<u>Sommer, Morten</u> ; Njå, Ove <u>Norway</u>
7.	Multi-Sensor Data Fusion Based Emergency Event Detection Abstract research paper	<u>Yang, Yanning</u> ; May, Andrew; Yang, Shuang-Hua <u>UK</u>
8.	MASS FATALITIES MANAGEMENT Abstract research paper	<u>Gupta, Kailash Chandra</u> <u>USA</u>
9.	DESIGN OF EOC AT DISTRICT LEVEL IN RAJASTHAN STATE OF INDIA Abstract best practice paper	<u>Gupta, Kailash Chandra</u> <u>USA</u>
10.	HIGHER EDUCATION AND CERTIFICATION OPPORTUNITIES IN EMERGENCY MANAGEMENT Abstract research paper	<u>Gupta, Kailash Chandra</u> <u>USA</u>
11.	Small Places, Unusual Disasters: The Challenge of Emergency Management in Central Asia Abstract research paper	<u>Kelly, Charles</u> <u>USA</u>
12.	Early Warning Systems - A Reality Check : Emerging Importance in Environmental Hazard Management in Malaysia Abstract best practice paper	<u>Osman Salleh, Khairulmaini Bin</u> ; Ab Ghaffar, Fauza Bte; Perusamy, Thanapackiam; Hussin, Siti Halimah <u>Malaysia</u>
13.	Study of Bidirectional Pedestrian Flows in a Corridor Based on Social Force Model Abstract poster	<u>Tao, Dongkai</u> ; Zhu, Donghe; Lu, Chunxia <u>China</u>
14.	PV solar pseudo-satellite high power system for electricity generation by microwave-beaming transmission in disaster areas Abstract research paper	<u>Lavie, Arie Michael</u> <u>Israel</u>
15.	The research of emergency resource planning management support system based on random Petri nets Abstract poster	<u>LIU, YI</u> <u>China</u>

16.	Residential Integrated Radon Measurements in Transylvania (Romania) and Lung Cancer Risk Abstract poster	<u>Cosma, Constantin</u> <u>Romania</u>
17.	A research on interdependent key infrastructures in emergency management Abstract research paper	<u>Gong, Jing</u> <u>China</u>
18.	DATA BASES USED IN WORLWIDE SYSTEMS FOR EARTHQUAKE LOSS ESTIMATION IN EMERGENCY MODE: WENCHUAN EARTHQUAKE Abstract research paper	<u>Frolova, Nina</u> ; Larionov, Valery; Bonnin, Jean <u>Russia</u>
19.	Prison riots as crisis situation in countries in transition – Case of Serbia Abstract research paper	<u>Kesetovic, Zelimir</u> ; Djuric, Sladjana; Cvetkovic, Vladimir <u>Serbia</u>
20.	THE ROLE OF THE EUROPEAN UNION IN THE MEDITERRANEAN DISASTER REDUCTION STRATEGY Abstract research paper	<u>Martínez Torre-Enciso, Isabel</u> ; Fernández-Ardavín, Ana <u>Spain</u>
21.	WHAT IS CHANGING FOR CRISIS AND EMERGENCY MANAGEMENT PROFESSION? Abstract research paper	<u>Martínez Torre-Enciso, Isabel</u> ; Bilbao García, Javier <u>Spain</u>
22.	DIFFERENT ECONOMIC ASPECTS FOR THE IMPLEMENTATION OF PRE- AND POST EARTHQUAKE MITIGATION MEASURES Abstract research paper	<u>Martínez Torre-Enciso, Isabel</u> ; Fernández Ardavín, Ana; Rodríguez Santos, M ^a Angeles; García Fernández, Mariano <u>Spain</u>
23.	CZECH REPUBLIC – PILOT COUNTRY IN THE RESILIENT POWER Abstract best practice paper	<u>Benes, Ivan</u> <u>Czech Republic</u>
24.	Communication and Raising Awareness in Romania Abstract best practice paper	<u>Bilanici, Aurel</u> ; <u>OZUNU, Alexandru</u> <u>Romania</u>
25.	ROMANIAN NATIONAL EMERGENCY MANAGEMENT SYSTEM AND NATIONAL PLATFORM FOR RISK REDUCTION – A WORLD WIDE REQUIREMENT Abstract best practice paper	<u>Bilanici, Aurel</u> ; <u>OZUNU, Alexandru</u> <u>Romania</u>
26.	PROPOSAL FOR UPDATING THE STANDING ORDER ON DISASTER MANAGEMENT IN BANGLADESH Abstract research paper	<u>Ansary, Mehedi Ahmed</u> ; Hore, Ripon <u>Bangladesh</u>
27.	CONTRIBUTION TO THE INCREASE SAFETY ON SHIP Abstract research paper	<u>Krcum, Maja</u> ; Gudelj, Anta; Batinica, Vicko <u>Croatia</u>
28.	Project scheduling in Maritime Traffic System under risk Abstract research paper	<u>Gudelj, Anita</u> ; Krcum, Maja; Krcum, Predrag <u>Croatia</u>
29.	Tool for assessing organizational crisis management capability Abstract research paper	<u>Ek, Åsa Viveka</u> ; Borell, Jonas <u>Sweden</u>
30.	REDUCING RISK BY ADAPTATION TO TROPICAL CYCLONES IN CUBA Abstract best practice paper	<u>Rubiera Torres, Jose Maria</u> <u>Cuba</u>
31.	Disaster Risk reduction for vulnerable Mega cities using decision support technologies and capacity building approaches Abstract best practice paper	<u>Mund, Jan-Peter</u> ; Taubenboeck, Hannes; Khazai, Bijan; Wenzel, Friedemann <u>Germany</u>
32.	Estimation of the dynamic population distribution over the course of a day for the Zeytinburnu test site (Istanbul, Turkey) Abstract research paper	<u>Kubanek, Julia</u> ; Nolte, Eike-Marie; Taubenboeck, Hannes; Wenzel, Friedemann; Kappas, Martin <u>Turkey</u>
33.	: Integrated IP communication solutions for public safety services Abstract best practice paper	<u>Linke, Harold</u> <u>Luxembourg</u>
34.	Transboundary Disaster Management SensorWeb solution for the SADC region Abstract research paper	<u>Mund, Jan-Peter</u> ; Post, Joachim; Keuck, Carl Jan; Szarzynski, Joerg <u>Germany</u>

35.	Goal directed learning for effective emergency exercises Abstract research paper	<u>Borell, Jonas</u> ; Eriksson, Kerstin <u>Sweden</u>
36.	Broad capability through variation in emergency exercises Abstract research paper	<u>Eriksson, Kerstin</u> ; Borell, Jonas <u>Sweden</u>
37.	THE EVALUATION OF PLACE ATTACHMENT AND RELOCATION IN POST DISASTER HOUSING RECONSTRUCTION PROCESS Abstract research paper	<u>Arslan, Hakan</u> <u>Turkey</u>
38.	The Integration of Disaster Recovery and Sustainability in Academic Programs Abstract research paper	Hagen, James C.; <u>Smith, Smith M.</u> <u>USA</u>
39.	Information Technology as a Tool to Mitigate Disaster Effects on Special Needs Populations Abstract best practice paper	<u>Merrick, II, David F.</u> ; Broder, Jarrett C.; McDaniel, Robert <u>USA</u>
40.	Organizational Deconstruction and the Phenomenon of the Single Actor Terrorist Abstract research paper	<u>Heffron-Casserleigh, Audrey</u> ; Merrick. II, David F. <u>USA</u>
41.	Shaping Identity: Nihilism and U.S. Counterterrorism Policy Abstract research paper	<u>Lauw Waite, Stephanie</u> ; Heffron- Casserleigh, Audrey <u>USA</u>
42.	Space technology in support of risk and disaster management Abstract best practice paper	<u>Szarzynski, Joerg</u> ; Ravan, Shirish; Backhaus, Robert; Czarán, Lorant; Stevens, David <u>Germany</u>
43.	Quantifying self rescue in toxic accidents Abstract research paper	<u>Rosmuller, Nils</u> ; Trijssenaar, Inge <u>Netherlands</u>
44.	Quantification of the number of injured people due to hazardous material accidents Abstract research paper	<u>Rosmuller, Nils</u> ; Trijssenaar, Inge <u>Netherlands</u>
45.	ITALIAN SCENARIO Abstract best practice paper	Gentili, Carla; <u>Cerruti, Ferruccio</u> <u>Italy</u>
46.	ROMANIAN STRATEGY ON MITIGATION OF SEISMIC HAZARDS Abstract best practice paper	<u>Petrescu, Stela</u> <u>Romania</u>
47.	Emergency Management in China Abstract research paper	<u>Bai, Victor</u> <u>China</u>
48.	Development of Model for Measuring Standardized Human Resources Needs for Natural Disaster Management Abstract research paper	<u>Lee, Youngjai</u> <u>South Korea</u>
49.	A Systematic Approach to Risk Mitigation Abstract research paper	<u>Rajabalinejad, Mohammadreza</u> <u>Canada</u>
50.	Consular Emergency Management: Government Coordination during Large-scale Crises Involving Citizens Abroad Abstract research paper	<u>Tindall, Karen</u> <u>Australia</u>
51.	Emergency plans and organizational preparedness: A framework for the evaluation of plan effectiveness Abstract research paper	<u>Brown, Christer Matteson</u> ; Eriksson, Kerstin <u>Sweden</u>
52.	Implementing Integrated Fire Management Planning (IFMP) for Victoria Abstract best practice paper	<u>Free, Norman John</u> <u>Australia</u>
53.	‘DISATER COMMUNICATION ! ’ or ‘COMMUNICATION DISATER ?’ Abstract research paper	<u>Van pellicom, Giedo D.H.</u> <u>Belgium</u>
54.	EXTREMUM SYSTEM FURTHER DEVELOPMENT FOR EARTHQUAKE LOSS ASSESSMENT AT GLOBAL SCALE Abstract best practice paper	<u>Akimov, Valery</u> ; Kachanov, Sergey; Suschev, Sergey; Larionov, Valery; Frolova, Nina <u>Russia</u>
55.	China Meteorological Emergency Response Systems in the 21st century: Perspective and Case Studies Abstract research paper	<u>Chen, Zhenghong</u> <u>China</u>

56.	ISO 31000:2009 Overruling other RISK MANAGEMENT standards ? Abstract research paper	<u>Van pellicom, Giedo D.H.</u> <u>Belgium</u>
57.	THE MANAGEMENT IN LARGE EMERGENCY SITUATIONS - A BEST PRACTICE CASE STUDY FOR MANAGEMENT OF EVACUATION Abstract best practice paper	Bas, Ioan; Zoicas, Claudiu; <u>Ionita, Angela</u> <u>Romania</u>
58.	The Risk Analysis of Flood with its Inducing Factors in China Abstract research paper	<u>Chen, Xianyan</u> <u>China</u>
59.	FOOD MANAGEMENT IN DISASTERS: AN ITALIAN CASE STUDY Abstract research paper	<u>Marincioni, Fausto; Vittadini, Elena</u> <u>Italy</u>
60.	Natural or Man-made Disaster in Saudi City of Jeddah Flood Disaster: Lessons Learned Abstract research paper	Al Momani, Nail M.; <u>Fadal, Ayman S.</u> <u>Saudi Arabia</u>
61.	The Health Communication Model: A Tool to Guide the Creation of an Emergency Preparedness Campaign Abstract research paper	<u>Smith, Susan Madison</u>; Gorski, June D.; Blair, Earl H. <u>USA</u>
62.	Preparing Emergency Management Professionals: Best Practices for Instruction Abstract best practice paper	Blair, Earl H.; <u>Smith, Susan Madison</u>; Gorski, June D. <u>USA</u>
63.	Collaboration and Coordination: A Successful Strategy for Maximizing Community Level Disaster Response Abstract best practice paper	<u>Smith, Susan Madison</u> <u>USA</u>
64.	International Military Cooperation on Disaster Relief Abstract research paper	<u>Manshu, XU</u> <u>China</u>
65.	A Comparison of Vulnerability of the Northern and Southern Sections of Tehran, using GIS Abstract research paper	<u>Nourian, Farshad; Hejazi, Samaneh</u> <u>Iran</u>
66.	How Effective Aid Might Be: A Comparing Study on the Aid Mechanisms in Banda Aceh and Sichuan Abstract research paper	<u>Guochun, Wu</u> <u>China</u>
67.	Count Us In - Recognition of older people in emergency planning and response situations Abstract best practice paper	<u>Andrews, Tracie</u>; Herington, Jane <u>Australia</u>
68.	Construction of the Railway Emergency Management Mechanism in China Abstract research paper	<u>Xiaoqing, Cheng</u> <u>China</u>
69.	Antipiracy Protection Measures on Tankers (Time to Act) Abstract research paper	Baljak, Kresimir; <u>Kasum, Josip</u>; Vidan, Pero <u>Croatia</u>
70.	Flood-preparedness Strategy for Cultural Heritage Buildings and their Contents Abstract best practice paper	<u>Rosicka, Zdena</u>; Stodola, Jiri <u>Czech Republic</u>
71.	An Empirical Study on Government Comprehensive Emergency Management Capability based on PLS-SEM Model Abstract best practice paper	<u>Zhang, Yang</u> <u>China</u>
72.	Reliability analysis of emergency response system from the viewpoint of complex network model Abstract research paper	<u>Gao, Hong</u>; Zhang, Yang <u>China</u>
73.	The collaboration among multiple agencies in Counter-terrorism and the application of information platform Abstract research paper	<u>Cui, Hong</u> <u>China</u>
74.	Emergency Command System Design based on GIS technology Abstract research paper	<u>Ding, Dezhi</u> <u>China</u>
75.	How to Improve the Role of NGO in Emergency Management Effectively in China Abstract research paper	<u>Zeng, Hongmei</u> <u>China</u>

76.	The technique of training exercise system and its application on 4 typical Chinese emergency response platform prototypes Abstract best practice paper	<u>Cai, Jiewen</u> <u>China</u>
77.	The use of simulated scenarios to upgrade the teaching capacity of the Civil servants' Emergency Management Abstract best practice paper	<u>Xiao, Yang</u> <u>China</u>
78.	Public Health Emergency – Effective Response to Cross-border Epidemics Abstract research paper	<u>Chang, Xiaoyan</u> <u>China</u>
79.	Technological opportunities for better communications and information sharing in emergency handling in the intelligent energy organization Abstract research paper	<u>Albrechtsen, Eirik; Wahl, Aud Marit; Tveiten, Camilla; Wærø, Irene</u> <u>Norway</u>
80.	Space Formation of Emergency Operation Center for Effective Emergency Response Abstract research paper	<u>Maki, Norio; MOTOYA, Yutaka; HAYASHI, Haruo</u> <u>Japan</u>
81.	AN EMPIRICAL ANALYSIS OF DISASTER RESPONSE IN THE 2009 VICTORIAN BUSHFIRES: ISSUES, CHALLENGES, LESSONS AND STRATEGIES Abstract research paper	<u>Oloruntoba, Richard</u> <u>Australia</u>
82.	Systems, services and applications for the Emergency Response Abstract best practice paper	<u>Denis, Gil; Bignone, Frank</u> <u>China</u>
83.	Disaster Management and India: Responding Internally and Simultaneously in Neighboring Countries Abstract research paper	<u>Gupta, Kailash Chandra</u> <u>USA</u>
84.	The important role of micro-blogging in social mobilization during emergencies Abstract research paper	<u>Yang, Yuhui</u> <u>China</u>
85.	A study of the generation of on-site contingency plan based on genetic algorithm Abstract research paper	<u>Liang, Xiaowen</u> <u>China</u>
86.	Railway Emergency Planning System and Its Implementation Abstract poster	<u>Huijuan, Zhou; Yong, Qin; Limin, Jia</u> <u>China</u>
87.	Development of the Method of Clarifying the Life Reconstruction Process Based on the Random Sampled Social Surveys of the Victims; Recovery and Reconstruction Calendar Abstract research paper	<u>Kimura, Reo; Tamura, Keiko; Hayashi, Haruo</u> <u>Japan</u>
88.	Clarifying the Situation of the Victims with Special needs on Evacuation Site Using the 7 Livelihood Domain Model Abstract research paper	<u>Tamura, Keiko; Kimura, Reo; Inoguchi, Munenari; Hayashi, Haruo</u> <u>Japan</u>
89.	Visualization of Victims Status in Life Recovery Process Using GIS Abstract research paper	<u>Inoguchi, Munenari; Tamura, Keiko; Hayashi, Haruo</u> <u>Japan</u>
90.	Systems, services and applications for the Emergency Response Abstract best practice paper	<u>DENIS, Gil</u> <u>China</u>
91.	Explosion risk of some nanoparticles Abstract research paper	<u>Dimitrijevic, Dejana; Cerruti, Ferruccio</u> <u>Serbia and Italy</u>
92.	Application of PLR Classification Guide for Accident Potential in Beijing LPG Storage and Distribution Station Abstract best practice paper	<u>You, Qiuju; Zhu, Wei; Liu, Kehui</u> <u>China</u>
93.	Tax Revolts and Riots in Property Tax Reform: Social Pressure, Emergency Management and the Dynamics of Institution Transition Abstract best practice paper	<u>Li, Ming</u> <u>China</u>

94.	Primary Study on Emergency Exercise Evaluation Abstract research paper	<u>LAI, Junyan</u> ; <u>Qu, Guosheng</u> <u>China</u>
95.	The research of the emergency management based on the structural theory of general systems Abstract research paper	<u>Wu, Jianbo</u> <u>China</u>
96.	Virtual Reality (VR) Training in Earthquake Emergency Response Abstract research paper	<u>Zhou, Bojia</u> <u>China</u>
97.	Study on the Integrated Risk Identification Method of City Operation System Based on Hierarchy Holographic Module Abstract research paper	<u>Liu, Kehui</u> ; <u>Zhai, Zhengang</u> ; <u>Zhu, Wei</u> <u>China</u>
98.	Hong Kong Management Method on Natural Disaster Emergency Response Abstract best practice paper	<u>YUE ZhongQi</u> <u>China</u>
99.	DRINKABLE WATER IN FRANCE Hydrogeology, legislation and management Abstract best practice paper	<u>CANEROT, Joseph</u> <u>France</u>
100.	Rapid Response to disasters and Evaluation Research based on aeronautical and space remote sensing data Abstract research paper	<u>Jiantao Bi, Huadong Guo</u> <u>China</u>
101.	Macro policy research on responding to great earthquakes Abstract research paper	<u>Sanlian Li, Ying Sun, Zhenguo Yang</u> <u>China</u>
102.	Rapid assessment method of earthquake damage to power facilities Abstract best practice paper	<u>Rushan Liu, Meijing Zhang, Yubin Wu</u> <u>China</u>
103.	Analyzing the roles of Non-profit organization in the management of meeting an emergency Abstract research paper	<u>Chengjuan Wang</u> <u>China</u>
104.	Thought on promoting the establishment of emergency shelter in urban area Abstract best practice paper	<u>Xiaotao Wu, Liping Wu</u> <u>China</u>
105.	A model on the framework of emergency communication demand and capability development Abstract best practice paper	<u>Qian Wang, Wei Xiao, Zheng Li</u> <u>China</u>
106.	The research of the emergency responding deficiencies and problems while China's local governments deal with the Wenchuan earthquake Abstract research paper	<u>Xuebin Liu</u> <u>China</u>
107.	Case Study of the Wenchuan earthquake, "isolated island" relief organization and command Abstract best practice paper	<u>Xuebin Liu</u> <u>China</u>
108.	The research on the analysis and treatment of the Seismic redundant information Abstract research paper	<u>Bu Bing</u> <u>China</u>
109.	On the selection of the civil defence reform in the public crisis management system Abstract best practice paper	<u>Hanping Guo</u> <u>China</u>
110.	The Role Definition of Non-governmental Organizations in Emergency Management Abstract best practice paper	<u>Xin Peng-Cheng</u> <u>China</u>
111.	Establishing Integrated Urban Emergency Management System: Case of Nanjing, China Abstract best practice paper	<u>Guofang Zhai, Shanshan Ye, Jiyuan Hu</u> <u>China</u>
112.	Regional emergency resource demand analysis in catastrophe	<u>Xia Shen</u> <u>China</u>

	Abstract best practice paper	
113.	The application of wireless communication technology in earthquake emergency response Abstract best practice paper	<u>Haiying Wang</u> <u>China</u>
114.	On the information disclosure of local government in emergency management: issues and countermeasures -- -----based on the case of Qixian irradiation plant cobalt-60 emission event Abstract best practice paper	<u>Dandan Hou</u> <u>China</u>
115.	The emergency evolution simulation and risk analysis of the Interference Aggregation System Abstract research paper	<u>Jingyi Deng</u> <u>China</u>
116.	The spread of disaster rumour and strategic respond of government - the analysis of the several typical cases Abstract best practice paper	<u>Maochun Liang</u> <u>China</u>
117.	The research of the Crisis Psychological Intervention in the Emergency Management centre Abstract research paper	<u>Dawei Liu</u> <u>China</u>
118.	Volunteer's behaviour analysis from the point of traditional culture view Abstract research paper	<u>Yuting Chen</u> <u>China</u>
119.	On the problem and solution of emergency management mechanism in china - case study of henna Qixian irradiation plant cobalt-60 emission event Abstract best practice paper	<u>Changjing Hu</u> <u>China</u>
120.	Vulnerability analysis of urban critical infrastructure based on network structure Abstract best practice paper	<u>Yu Wang, Wei Zhu, Jin Chen</u> <u>China</u>
121.	The problem and policy for Local Government to carry out the popularization and education of the emergency management knowledge. Abstract best practice paper	<u>Kejun Zhu, Xi Yang</u> <u>China</u>
122.	Study of the New Method for Beijing Urban Safety based on the theory of Block classification Abstract research paper	<u>Tao Xing</u> <u>China</u>
123.	The community emergency response system research based on self-organization theory Abstract research paper	<u>Xiaofeng Zhou , Yingnan Ma , Wei Zhu</u> <u>China</u>
124.	The research of the Optimization Model for large-scale crowds evacuation in the street block Abstract research paper	<u>Xuan Xu Jin Chen Wei Zhu</u> <u>China</u>
125.	Social security and emergency management Abstract research paper	<u>Yuming Lin</u> <u>China</u>
126.	Wenchuan earthquake prevention and early warning analysis Abstract research paper	<u>Kejun Zhu</u> <u>China</u>
127.	A review of the development and application of researches on emergency management information share home and abroad Abstract best practice paper	<u>Kai Hong</u> <u>China</u>
128.	Emergency response, tracking and monitoring of severe earthquakes- the example of Wenchuan earthquake Abstract best practice paper	<u>Yali Gong</u> <u>China</u>
129.	Fuzzy comprehensive evaluation of the fatalness of fire place with three-in-one mode Abstract best practice paper	<u>Guangjun Zhang</u> <u>China</u>
130.	The construction of the normal social policy structure in response to catastrophe	<u>Tuan Yang</u> <u>China</u>

	Abstract research paper	
131.	Rural three-tier health care system rehabilitation and reconstruction in earthquake-stricken Abstract best practice paper	<u>Ling Yin</u> <u>China</u>
132.	Discussion on the construction of China's fire emergency rescue command system Abstract best practice paper	<u>Baolei Ma, Zujun Shi</u> <u>China</u>
133.	Emergency response technical support system to major geological disaster Abstract best practice paper	<u>Chuanzheng Liu, Hongqi Chen, Bing Han, Hui</u> <u>China</u>
134.	GIS Based Chinese ice freezing Risk Zonation Abstract best practice paper	<u>Shanshan Zhao, Qiufeng Liu</u> <u>China</u>
135.	A countermeasures analysis of problems in public crisis management in China Abstract research paper	<u>Jun Feng</u> <u>China</u>
136.	Telephone voice-based analysis system for earthquake disaster Abstract best practice paper	<u>Dongming Wang, Min Li, Yongzhi Xu, Yanfeng</u> <u>China</u>
137.	Comparative Studies on Disaster Emergency Response Capabilities Abstract research paper	<u>Xiaoxia Du</u> <u>China</u>
138.	Overview on the development of Earthquake Emergency Exercise in China Abstract best practice paper	<u>Xiaoxia Du</u> <u>China</u>
139.	Thoughts on the mechanism of enhancing the link between disaster insurance and emergency response Abstract research paper	<u>Qiang Xu</u> <u>China</u>
140.	Where IVS, Where safety Abstract best practice paper	<u>Gang Cheng</u> <u>China</u>
141.	Organization and Operation of China's Emergency Management Abstract best research paper	<u>Chunchang Shan</u> <u>China</u>
142.	A hierarchical location model for community health facilities in Beijing Abstract best practice paper	<u>Zhifen Chen; Tao Xing; Wei Zhu; Jin Chen</u> <u>China</u>
143.	Study on the Evaluation of the Urban Public Facility Emergency Plan Abstract best research paper	<u>Huang Xu; Wei Zhu</u> <u>China</u>
144.	The research and application of information system for railway emergency plan management Abstract best practice paper	<u>Yong Qin, Ziyang Wang, Xiaoqing Cheng, Zhongyan Zhao, Lingxi Zhu, Limin Jia</u> <u>China</u>
